Booth #50

“Clay Food Crafting: Sushi, Tacos, and Cheeseburgers”

Learn to create tasty foods using clay. We'll walk through hand building sculpting techniques to make three popular favorites: a cheesy pizza slice complete with toppings, a loaded taco with all the fixings, and a juicy cheeseburger with lettuce, tomato, and cheese. Perfect for kids and beginners, this demo covers basic shaping, texturing, and detailing methods to bring your clay creations to life.
