Frank reminded us that after this meeting a potluck meeting would be scheduled for the 2011 Local Clay board to meet at his house to have the budget meeting.

**Clay in Ed.** Maryanne gave her report that nothing new is going on with Clay in Ed. She reminded us that there are Clay in Ed. forms available if anyone wants to request funds for a project.

**Workshops** Rhoda says that Lisa Orr will come to L.C.C. on February 26th and 27th. She will give the workshops from 10:00-4:00 on Saturday and 10:00-1:00 on Sunday. That is building 11 the ceramics dept. This will be affordable and informative. Lisa Orr does low fire electric and she forms things in a cool way.

The first weekend in February, Saturday 5th will be an event with 4 different ceramic people offering mini workshops/demos. Frank Gosar will give a lesson on how to make brushes and Tea will show how to make something big on the wheel. There will be two other artists and each will show another specific technique.

NEXT YEAR - 2012 RUTHANNE TUDBALL will come here from Britain for a workshop!! She is quite well known and does soda fire and high fire. She has a web site if you are curious.

Sam says he is willing to make videos for us of events! This could be a really special thing.

**Webmaster:** Merry is hoping to get photos from Avi and Rhoda and then she'll put the photos on our website.

**Clay Fest** Avi first mentioned that there will be a Clay Fest meeting on Tuesday. He said that with a new chair to welcome in there will be that piece of news, but for now he didn't have news. He did say he has enjoyed being the Clay Fest chair and that people do their part and help to make it run smoothly. Since several of the positions are now "open" we will address that at the meeting.

**Empty Bowls** Josh was not able to be here, but the agreement is that the sale is usually in May.

There will be another meeting before then and we hope he can inform us then.

**Webmaster** Merry said she would like some pages from each chair. She is learning more all the time and wants to update our site, but she needs updated info.

**Announcements:** Eco Sleep Solutions has some of Annie's ceramics on display in their store currently. They are located on West 8th St by the Imagine gallery just east of Willamette. O.A.A. (Oregon Art Alliance) is currently holding a sculpture show and Katie has five pieces in it. They are the largest pieces she has ever made and she hopes people will check it out. She also suggests looking into O.A.A. It is a nonprofit for artists and offers workshops frequently to enable artists to have more success. Check out their web site. They have a Face book page too. Amazon Community Center has a ceramics studio and offers classes for a really good price. They have a \$50. punch card for 5 visits of open studio and they have a slab roller and extruder and 11 wheels. Annie teaches there. Merry mentioned the tile project in the bathroom at Georgie's. She and Bob and some other people (sorry I didn't catch the names) are making the tiles. Check it out when you come to Georgie's!
